

DCC – Dearborn Contracting Company
The Progress Continues

Recent news – October 30, 2017:

City Club Apartments – Detroit, Michigan

Dearborn Contracting Company continues working and planning with Wolverine Building Group for the City Club Apartments in Detroit, Michigan. Site excavation is well underway with the preparation work for the caisson installation ongoing. DCC expects to begin our component of work in December of 2017.

Located in Grand Circus Park, just off of Park Avenue, City Club Apartments is targeted to be ready for lease in late 2018.

DCC / DMW – Helping Gleaners Feed People and Nourish Lives

This fall, DCC and DMW will be assisting Gleaners in their efforts to continue feeding people and nourishing lives.

On November 9th, several DCC / DMW staff will be contributing their community service time to help Gleaners. Our staff will report to the Taylor Distribution Center to contribute their time to those less fortunate. Activities will include packaging and sorting goods for distribution to needy families as well as other duties as directed by the Gleaners personnel.

Recent efforts by Gleaners include assisting the victims of Hurricane Harvey, accepting and distributing pet food for those families that have difficulty looking after their pets, and partnering with the Boy Scouts and Girl Scouts in their joint campaign titled 'Scouting for Food'. The goal of this campaign is to collect 250,000 pounds of food for the less fortunate.

Player Profile – Tony Lord

Tony Lord is one of Dearborn Contracting Companies' newest employees. Tony joined DCC in September of 2017 and will lead field, steel work as the General Structural Superintendent.

Tony is an Ironworker and adds tremendous value and capability to our team. Tony joined the trades directly out of High School and has been an Ironworker for 25 years. He is a member of our trade/union partner, Iron Workers, Local 25.

Tony resides in Clarkston, Michigan with his family where he has been active in youth sports, coaching both Baseball and Football for many years.

His resume is impressive with projects under his belt that include:

- Little Caesars Arena – Home of our Detroit Red Wings and Detroit Pistons
- Ford Field – Home of our Detroit Lions
- Ford Rouge Powerhouse
- Detroit Metropolitan Airport – Airplane Hanger construction
- Compuware
- MGM Casino - Detroit

In addition to the above accolades, Tony has previously worked in the field directly for Dearborn Mid-West Company (DMW), DCC's parent company. Tony's demeanor, work ethic, and wealth of field-operations experience, strengthens our team and makes us better able to serve our clients.
