

DCC – Dearborn Contracting Company . . . . .

New year, new forward movement

Recent news – January 31, 2018:

New Location

Dearborn Contracting Company recently moved to One Heritage Place in Southgate, Michigan. DCC will occupy the former space of Dearborn Holding Company, LLC. The location is less than a mile from our

Taylor location which keeps us close to the parent company – Dearborn Mid-West Company - and our shop which includes 122,000 sf of manufacturing and fabrication capability.

Our new address is:

Dearborn Contracting Company  
One Heritage Place – Suite 280  
Southgate, Michigan 48195  
(734) 288-4400

---

## New Wheels

Dearborn Contracting Company recently added vehicles and equipment to our Field Operations. A new Chevy Silverado with ladder rack, and tool storage boxes, along with an 18' trailer has been added to the fleet.

The equipment includes a welder and torch set-up, rigging materials and equipment, and other special tools to handle the vast majority of steel erection work, rigging activities and small, miscellaneous steel projects. These investments add to our quick response capabilities and help us serve our client's needs.
