DCC – Dearborn Contracting Company Moving forward again

Recent news – September 30, 2017:

City Club Apartments – Detroit, Michigan

Dearborn Contracting Company has been awarded a contract with Wolverine Building Group for the City Club Apartments in Detroit, Michigan. This high profile project will occupy one of the last vacant parcels in the City of Detroit. Located in Grand Circus Park, at the former site of the Statler Hilton Hotel, City Club Apartments will combine luxury living, with ‘green’ living, with a new urban lifestyle housing option that is sure to enhance Detroit’s resurgence.

DCC will be constructing/self-performing foundations, concrete flatwork, and structural steel for the six story apartment and retail development. The contract is one of the biggest for DCC, in excess of \$7 Million. Work is slated to commence in December of this year and last for approximately six (6) months.

Unique features of the development include a rooftop Sky Park, rooftop swimming pool, a sun deck, fire pit, kitchen, and bar.

The project was secured by the efforts of Mark Muzzin and Nick Ownby. Both will be heavily involved in the project, with Nick being assigned the Project Management duties.

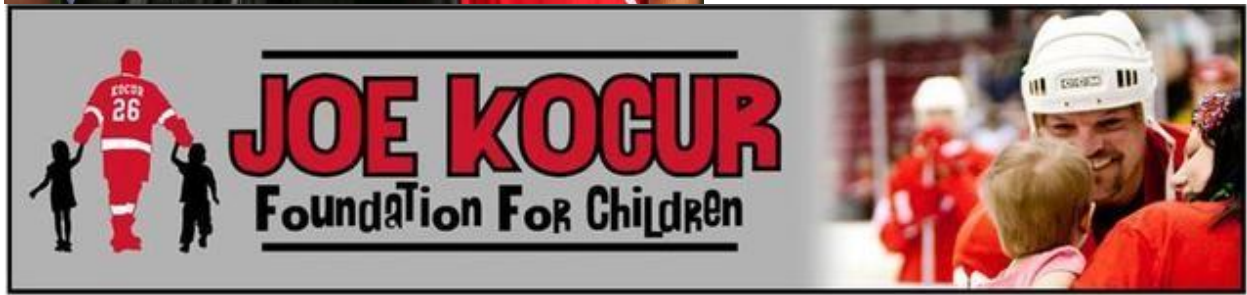

DCC / DMW / CTC - Golf Outing for Charity

This past spring, DCC and DMW hosted our 2nd annual golf outing at the Lakes of Taylor Golf Course. Successful rounds of golf were had by all as \$5,000 was raised for the DCC/DMW, Commitment to Community (CTC) charity foundation.

DCC and DMW and the Commitment to Community charity foundation has supported:

- Scholarship opportunities
- Make-A-Wish, Wish-A-Mile
- American Cancer Society
- Cystic Fibrosis
- Shades of Pink
- Children's Cancer Research Foundations
- Hope for Hearts
- The Information Center
- JD White PLAY Foundation
- Mimi's Mission

The CTC board meets regularly to support various charities that have been submitted by employers, suppliers, and/or customers.

2017 Celebrity Charity Softball Series

Late summer brought the men and women from DCC and DMW to the softball diamond for some good old-fashioned softball fun. DCC/DMW participated as a major, 'triple hit' sponsor. Funds raised support the following charities:

- Wings of Mercy East Michigan
- FAR Therapeutic Arts and Recreation
- Team Huron Valley Special Olympics
- Team Kendal Kidz
- Play Like Jackson Foundation
- The Shannon Gaber-Silverthorn Lakeland High School Public Service Scholarship
- Orchards Children's Services
- Thin Blue Line
- Ronald McDonald House Detroit

Several DCC and DMW team members suited up for the game. The DCC/DMW sluggers 'hit it hard' and had a lot of fun.

With Red Wing greats Jimmy Howard, Todd Bertuzzi, Dino Ciccarelli, Kris Draper, Dylan Larkin, Luke Glendening, NFL star Lomas Brown, MLB stars Scott Lusader and Dave Rozema, and local celebrities, Amy Andrews (Fox 2) and Karen Drew (WDIV 4) the event was again a great success.

Good laughs and a thankful spirit were all part of the activity at Duck Lake Pines Park.

Habitat for Humanity – Monroe County, MI: Dearborn Contracting Company and Habitat for Humanity stepping in to help others achieve home ownership

For the fifth year running, DCC/DMW has stepped up to assist Humanity for Humanity in their efforts to help families achieve home ownership. This year, DCC/DMW has averaged over 10 volunteers per outing. Assistance included wood framing, the setting of roof trusses, drywall, siding, painting, and associated, necessary, machinery and equipment.

We at DCC/DMW believe in Habitat's philosophy of 'working to get help' and 'neighbors helping neighbors' as a beneficial and sound practice for an organization helping others improve their lives and living quarters.

DCC/DMW contributions to Habitat for Humanity will continue throughout the year and into the future.
